

Welcome to
SKÄRGÅRDSKRAFT
- the art and craft cooperative situated on Tjurkö

Experience the Swedish summer at an idyllic location, rich with history, tradition and culture, in the heart of the archipelago. Come and enjoy local art, crafts, antiques, coffee and cake.

Situated on Tjurkö - the stonecutter island - in Karlskrona archipelago, is a quarry where you can wander around a historical and cultural trail. In the area there are many old restored buildings.

The Restoration House, where the cooperative Skärgårdskraft is situated, used to have a central role in the quarrying operations with dining hall, store, bakery, brewery and dwellings. Also, situated in the house is an exhibition from Blekinge Museum that demonstrates how people lived during the prime of the quarry operation.

Every summer the cooperative welcomes the general public to an exhibition with sales of local art, handicraft, antiques and local china from Karlskrona.

Come and relax for a while in this historical area and enjoy a cup of coffee with home-made buns in the big hall or in the courtyard outdoors. In our store you can enjoy a "fika" (a hot drink and something small to eat) or you can buy honey, spices, sweets in a cone and art postcards. The original old furnishings are still to be found inside and there is also old furniture for sale.

Outside, you can find an interesting walking trail through the old quarrying area showing traces of the hard work that was carried out over a hundred years ago. The walking trail is 1.5 km long and has information signs along the way. Unfortunately, it's not suitable for wheelchairs.

The island of Tjurkö is situated outside Karlskrona and you can get there by the 30 km country road or a 3 km boat trip on "Wittus".
